

INTRODUCING NEW TICKET/FARE SYSTEM

New Options Make Dutchess County Transit Easier than Ever! No more need for exact change!

Effective January 17, 2017

NEW CARD

How do I purchase a particular Ticket?

1. Tell the driver what type of ticket you will be purchasing.
2. Insert money into the farebox as usual, using the dollar bill and coin slots.

What if I don't have exact change?

Let's say your fare is \$1.75 and you only have a \$5 bill. **The farebox will automatically issue you a change card for \$3.25!** You may then use that change card by inserting into the farebox on your next ride and continue to do so until the \$3.25 is used.

PASS WITH CREDIT ON IT

How do I use my particular ticket?

1. Insert your ticket into the card slot on the farebox. If you are not sure how to do it, just ask your driver for help.
2. Once the ticket is inserted into the slot, the fare will be deducted and your ticket returned to you with a beeping sound signaling the fare has been collected.
3. Your remaining balance will be printed on the ticket and you can continue to use it until the balance is used up.
