I. MULTIPLE REGISTER METER CHARGE

Each register billed for gallonage plus service charge based on size of the meter.

J. METER READINGS

If there is a meter reading discrepancy between the meter-inside versus the meter-outside (called the "remote read head"), it is the meter-inside that has precedence. Meter tampering is unlawful and may result in legal action.

K. RETURNED CHECK CHARGE

There will be a returned check charge of \$20.00. The Dutchess County Water and Wastewater Authority (DCWWA) reserves the right not to accept checks in the future.

L. RESTORATION OF WATER SERVICE

Water service that has been shut off for delinquency of payments will not be restored until the full amount due plus a \$75.00 charge (includes \$40 service restoration fee) is paid.

When water service is shut off at the request of the customer, there will be a \$40.00 charge for restoration of service. When service is switched off at the curb, there is no minimum water charge or monthly service fee. However, any applicable capital surcharges will remain in effect.
