SUBJECT OF EXAMINATION: Written test will cover knowledge, skills, and/or abilities in such areas as:

1. **Evaluating information and evidence** - These questions test for the ability to evaluate and draw conclusions from information and evidence. Each question consists of a set of facts and a conclusion based on the facts. The candidate must decide if the conclusion is warranted by the facts.
2. **Investigative techniques** - These questions test for knowledge of the fundamental concepts in the area of field investigation. The questions will cover such areas as: obtaining the cooperation of individuals involved in an investigation, preparing for the investigation and/or interview, investigative principles, interviewing principles and practices, behavior and attitudes of the investigator and others, gathering of data and evidence, and presenting the results of an investigation. Many of the questions are situational in nature and attempt to measure the candidate's ability to apply basic investigative techniques. The questions are generic rather than dealing with investigations in a particular field.
3. **Preparing written material** - These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
4. **Understanding and interpreting written material** - These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions **only on what is presented in the passages and not on what you may happen to know about the topic.**

A Guide for the Written Test for Investigators is available at the New York State website: www.cs.ny.gov/testing/localtestguides.cfm. Candidates not having access to a computer or the internet may request copy of the test guide from the municipal civil service office conducting this examination using the contact information found elsewhere on this announcement.
